A petition signed by 10,860 citizens of Atlanta in defense of Professor W. M. Slaton, Superintendent of Public Schools, against the charge of not being progressive, represents---

3---Practically all of the industrial plants of the city have indorsed Prof. Slaton by resolutions in open meetings, which are added to the petition of the Board of Education.

4---The persons who obtained the names on the petition to the Board of Education certify that **LESS THAN 500 citizens were found in the city who opposed Professor W. M. Slaton, and they further certify that they were unable to find a single school child opposed to Professor Slaton.**

Atlanta's Appeal to the Board of Education

Atlanta, Ga., May 31, 1915

To the Honorable Board of Education:

Gentlemen:

As citizens of Atlanta, Ga., many of us patrons of the public schools of the city, in the exercise of the right of petition, which is the fundamental of constitutional liberty, we respectfully petition your honorable body to discourage any and all efforts to plunge the public school system of the city into the hot-bed of politics. We do not make this request in a spirit of hostile antagonism toward any one, but simply stand on the solid foundation of common sense and justice toward the city's most precious asset, the public schools.

Unquestionably the greatest institution in American life and the one having the most pronounced influence on our civilization

is the public school. Therefore, it is a self-evident truth that the public school is not the place to play politics. The welfare of the more than 25,000 pupils attending the public schools of Atlanta is far too vital to the future to be marred by political intrigue, either directly or indirectly.

We are satisfied that your honorable body desires to know the wishes of the people of Atlanta and work in harmony with them. We are satisfied with the executive ability and scholarship of Professor W. M. Slaton, and we respectfully urge that you re-elect him Superintendent of Public Schools and retain intact his efficient corps of assistants.

The present condition of the Public Schools in this city is largely traceable to lack of funds, and we believe that the city council, in its sound business judgment, will provide for all reasonable demands of the city's schools.

To this petition, which is submitted to the Board of Education, 10,860 citizens have voluntarily signed their names, showing their appreciation of Professor Slaton's untiring energy, zeal and ability in making Atlanta's Public Schools the best in the entire Southland.

GERMANS CAPTURE 300,000 RUSSIANS DURING PAST MONTH

(Continued from First Page.)

Rumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

Negotiations between Rumania and Russia over the issue of the Pruth river and the Danube are said to be virtually complete. If Russia accepts Rumania's proposal the latter country is declared to be ready to begin hostilities without delay.

Petrograd is a part of Rumania bounded on the east by the Black sea and on the north and west by the Danube. As a consequence of the second Balkan war between Bulgaria and Serbia a large slice of territory and added it to Bulgaria province on the south.

Rumania, better feeling existed in Bulgaria for some time against Rumania on the account, but more recently a change in the relations between these two Balkan states was observed. Last December the Bulgarian minister at Petrograd was quoted as saying that Rumania had arranged to restore to Bulgaria that portion of Petrograd which had been annexed to the former country after the second Balkan war.

The Pruth river forms the boundary between the Russian territory of Bessarabia and Moldavia, part of Rumania.

Petrograd is a region in southern Hungary bordering on the east on Rumania and on the south on Serbia. It is one of the most fertile districts in Europe. The chief town is Temesvar.

Rumania Orders Half

Million Pairs of Shoes

(By Associated Press.)

BUNHAMPTON, June 2.—A rush order for 500,000 pairs of shoes has been placed with a local shoe manufacturing company by the Rumanian government.

Rumania Reported to Be Mobilizing 1,000,000 Men

(By Associated Press.)

LONDON, June 2.—Rumania now is occupying the "seat of uneasy neutrality" held by Italy. The diplomats of the near east evidently are working hard to bring an understanding between Bulgaria and Rumania. Rumania is a state that Rumania is mobilizing 1,000,000 men.

The German press is showing some indications of anxiety over the situation, and the French press is equally anxious for concessions to prevent Rumanian intervention. Vienna has been informed that Germany is pointing out blood and treasure in the struggle, must be listened to, and that Austria-Hungary must be prepared to make certain sacrifices to meet the Rumanian demands.

It is significant, in the opinion of British observers, that three of the opposition leaders in the Hungarian parliament have demanded and have been granted a conference with Emperor Francis Joseph for the statement of questions which cannot be uttered in parliament itself.

The Russians are reported as being heavily reinforced along the River San, but the official accounts of operations at this point continue to be contradictory. The only fact emerging clearly is that no decisive result yet has been gained by either side.

In the western arena nothing new of importance has been recorded.

French Claim Progress

(By Associated Press.)

PARIS, June 2.—The French war office this afternoon gave out the following:

"In the sector to the north of Arras the fighting continued last night. In the 'labyrinth' southeast of Neuville, we occupied several trenches and made further prisoners. The total number of prisoners made at this point since Monday night is over 450. At Neuville itself we took possession of a group of houses, where we maintained ourselves in spite of several counter attacks."

"On the other parts of this sector, particularly at Lorette, there was artillery fighting yesterday."

"Along the remainder of the front there is nothing to report with the exception of two bombardments on Rheims, and particularly of the cathedral in that city."

Belgians Are Disturbing German Communications

(By Associated Press.)

MAYRE, France, June 2.—The following official statement was issued last night regarding the operations of the Belgian army.

"A fierce artillery duel marked the day of May 31 along the Belgian front. Belgian guns of all calibers missed their fire, blowing up the enemy's trenches and accessory defenses at a number of points."

"All the roads beyond the German front are commanded by the Belgians' fire, making it very difficult for the enemy to bring up fresh supplies. The first line of Belgian troops by a continuous fire prevented German troops from advancing."

Serbians Will Bar German Language From Schools

(By Associated Press.)

ROME, June 1.—Via Paris, June 1.—Serbian feeling for Italy is the warmest, says a Nish correspondent of the Giornale d'Italia. "If Italy entered the war deliberately against the Austro-German coalition it is a sign that the Italian-Serbian negotiations have been concluded so that the Balkan question has been virtually solved. The Serbian people never will forget the help rendered by Italy in this crisis. The study of Italian in the schools of Germany will be made obligatory in Italian schools."

"The same correspondent declares information received from Trieste has provoked indignation. It is reported in the Serbian capital that an attempted revolt by Italians has been sternly suppressed by the Austrians and that a large number of pro-Italian residents of Trieste have lost their lives or have been wounded."

FULL TEXT OF NOTE SENT TO LEADERS OF ALL WARRING CLANS

(Continued from page one.)

The revolution will be a business and not merely a platform.

I therefore publicly and very solemnly call upon the leaders of factions in Mexico to act, to act together, and to act promptly for the relief and redemption of their country. I feel it to be my duty to tell them that, if they cannot conciliate their differences and unite for this great purpose within a very short time, this government will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and serve her people.

The statement, drawn up after yesterday's cabinet meeting, was prepared for issue early today, but was delayed until afternoon by some minor changes made in conference between the president and Secretary Bryan. While it was being given out at the White House last night, the Brazilian minister at Vera Cruz, the Brazilian minister at Mexico City, and Consul General Carrothers, who will deliver it to the leaders of factions with which they deal.

Luncheon for Bride Elect

Miss Iertha Moore, whose marriage to Mr. William Headley Merrill, of Euftala, Ala., will be an event of June, was the honor guest at the pretty luncheon at which Miss Helen McCarty was hostess Wednesday at her home on Piedmont avenue.

The guests included Miss Moore, Miss Josephine Mobley, Miss Caroline Nicholson, Miss Dolly Prioleau, Miss Mamie Ansley, Misses Jessie and Margaret Moore, Miss Louise Broyles, Miss Iertha Campbell, Miss Margaret McCarty, Miss Nellie Hood Ridley and Miss Isabel Robinson.

To Bride Elect

Miss Mary Frances Bowden was hostess at a bride party and stocking shower Tuesday afternoon at her home in West End in honor of Miss Marcellus Steadman, a bride elect.

Sweet peas and ranunculus roses formed the artistic decorations of the rooms where the game was played.

The prize for top score, an embroidered crepe de chine handkerchief, was won by Miss Irene Bennett. Mrs. J. T. Bowden and Mrs. W. M. Emerson assisted in entertaining.

The bride elect was gowned in white tulle and georgette crepe, and the hostess wore blue embroidered crepe and lace.

The dancing party at which Miss Nell Walker was hostess Tuesday evening at her home in Druid Hills was an enjoyable occasion among the college girl set in honor of Miss Rosa Gillen and Miss Helen West, who are the guests of Miss Ruth Bowser.

In the contest which was a feature of the afternoon Miss Mary Brock Mallard won the prize, a miniature loving cup.

Another enjoyable feature was the class prophecy written by Miss Culcasure and Miss Keyes. The assets with drew to the Sibylline cave where the sibyl herself read their futures from the backs of the magnolia leaves which were fitting about her abode.

Each guest was there given her leaf with the wish that all would come true in due time.

The Night Game

BY GRANTLAND RICE

There may not be quite as much of the hip-hop or as much of the widely heralded spectacular as Cornell's athletic work as there is to the athletic endeavors of other universities.

But in the matter of all-round, up-and-down athletic efficiency embracing every variety of sport there is no move left except to concede the Ithaca stronghold supremacy by a wide margin.

THE HEADLINER.

Harvard and one or two others carry a slight annual margin in football over the Cornellians. Once in a while Columbia, Yale or Harvard beat her on the water. Here and there Princeton and others beat her on the diamond or ball. But we are talking here of a general average of all sports—and in this general average of efficiency Cornell comes first.

Her recent sweep at the Intercollegiate games was fairly typical of Cornell ways. Her triumph was overwhelming, but it was not achieved by any one or two or three super-stars of the Ted Meredith type. In fact, Cornell put only a small average out in front of the field. It was not the brilliancy of any one or two men, but the general excellence of her entire clan, that rolled back the remainder of the contending field and established Ithaca as the capital city.

THE PROPER SYSTEM.

Cornell athletics are not a matter of producing a few prize specimens endowed with unusual brawn, speed and power. They are rather the matter of lifting the average of the many where the multitude are benefited rather than the few. Her entire system is as sane and wholesome as any athletic system could be, whatever the sport, and her decided eminence is more than deserved.

The grand old commonwealth of Ohio has furnished her full share of presidents and more than double her share of tail-enders.

"Why is it that Cleveland and Cincinnati are no better in baseball?" asks H. L. K. They both developed the wrong habit thirty years ago and no one has ever been able to point them into higher pastures and nobler deeds. Showing the tremendous power of habit.

ON ORIGINALITY.

It is—Alas! me to congratulate all connected with baseball upon their wonderful originality in the matter of the "King" at once. When Stuck arrived he was labelled "Smoke" on the spot. And how daringly and originally each Indian is pictured with the monicker "Chief." OBSERVER.

SIDE LINES.

There is one record that has never been broken, viz.: No entry yet has ever accomplished enough to deserve an Enlarged Dome.

For with the greatest champion that ever lived it is only a matter of how many and how big his features are writing in the resin or his place is down around the foot.

MEN VS. SYSTEM.

In case of war—"We extract you from an exchange—"America has the men to beat any military system in the world."

This statement reminds us of a certain football battle we once watched with "Hurry-up" Yost. One eleven had only average looking material—of fair weight and speed—but had been coached with a fine system of knowledge and strategy. It knew football and all the kinks thereof.

The other eleven had one of the finest looking collections of human flesh any one would ever see. It had the men, but not many players of courage who fought every foot of ground. After five minutes of play Yost made this remark, the score then being 0 to 0—"It is a crime to send a good team bunch of youngsters to the field knowing so little of the game. That first club knows football and will drive the other off the map."

And the first team, with the system, beat the second team, with the men, about 20 to 0, as we recall the play.

"Why are present day ball players so easily hurt?" queries an inquiring bystander. Because they are more valuable. And the more valuable any piece of bric-a-brac is the more brittle it is, whether it be on the diamond or in the pantry.

Just at present Ty Cobb only leads all leagues in batting average, base hits, runs scored and stolen bases. But he is a man who should get going with warmer weather to thaw out his Georgia blood.

"Lessons in how to use a niblick" is the title of a small volume just received. It leaves us wondering why it is not called "Lessons on how to use a niblick."

THE WHITE SOX FLURRY.

We note where one contemporary figures the White Sox will soon be due for a sudden drift down hill. "Back in 1912," he writes, "the Sox led the race until June and then collapsed; 1913 will probably be a repetition of 1912."

Only the case is by no means the same. In 1912 the White Sox pumped along in front because Ed Walsh was pitching and winning every game. They depended upon one slaman, and when the rubbers began to wear out in his shoulder there was nothing to it but the Soapy Chute.

But for the present campaign the Sox have not only a greatly improved club, with Eddie Collins and others, but they have a new pitcher, Fred Felsner, leading slaman, they have Scott, Russell, Cletore, Benzy and others capable of pegging the pill with more or less ease and indignant cunning.

The American league race among three clubs—Chicago, Detroit and Boston. It is hard to figure any one else with a chance. And as the Red Sox have failed to get going after six weeks' campaigning, the other Sox are no worse than 50-50 with Detroit, and when the rubbers begin to wear out in his shoulder there is nothing to it but the Soapy Chute.

Lookouts Cop From Pelicans

On Muddy Field in Drizzle, Chicks Blank Gulls—Barons Win Over Travelers in Elev.

CHATTANOOGA, June 2.—Chattanooga won an exciting slugfest match from New Orleans yesterday, 5 to 4. Although the game was played in a drizzle and on a field inches deep in mud, both teams felled brilliantly. Long throws to the plate by Dyer in both the eighth and ninth innings cut off New Orleans' hopes. Fast stops and catches by Knapp, Harris and Johnson featured the early innings.

Score by innings: N. O. 1 2 3 4 5 6 7 8 9 10 11 12; Chattanooga 0 0 0 0 0 0 0 0 0 0 0 0 1. Baserly, King, Higgins, Clark, Harding and Kitchens.

Chicks 2, Gulls 0. Memphis' splendid defeat of Mobile yesterday, 2 to 0. Baldwin scored the first run on a sacrifice and Robertson's single brought in the other.

The News

Either somebody was engaged a short time back in that magic under-taking of making a mouline influence have been applied to the troubles alleged to have afflicted the lookouts from an internal source. When the Lookouts were in New Orleans a week or ten days ago, it was reported from the Pelican stronghold that Harry McCormick and President Andrews were on the verge of a break. In fact, it was pointed out that the action of the Pelicans was a shrewd move. The Pelicans deal was proof of trouble in the wind.

Nashville Monday Billy Smith stated that he heard no further rumors of any threatened outbreak while the Crackers were in Chattanooga. He admitted, however, that he had been approached by Manager McCormick with a proposition to trade some several members of the Lookouts. It is a pretty sure bet that Rose Harris is ready for some kind of a shake-up, seeing that the Tennessee state a brace.

The Crackers' fielding was, having a good laugh over the way Chattanooga scribes handled them. One of the club's club officials who was in the field on the club, and that he was playing forty leagues more or less over his head. As a good thing, he said, Lookout fans that they are sure to turn out Monday, in order to see a little ball club which has been so successful in the past.

At the same time any urging toward increasing the attendance must be regarded as premature. A report was sent out that on Monday day 2,000 saw the game. The gate showed something less than that, however, and it is probable that the attendance will be a thousand. They are not finding it necessary to employ extra help on the gates and the other things which crowd the crowds in Chattanooga these days.

The Crackers are having a laugh over a line pulled by Chicago's John Peters, who recently joined the Lookouts in the series in Chattanooga last week. In the last game of the series Jim Allen had beat John on the string and struck him in the head with a bat. He was once he disgustedly asked: "What do you think of that buster striking me?"

"Can you beat it?" asked Bill Russell. "Here a bird who went one travel in the season in the big leagues. He played in possibly half a dozen games, being sent out to the minors. He was in Detroit Tigers, and here he comes with a line of chatter about some fellow in this league being a buster."

This story led up to a little discussion on the way big league scouts are combine the smaller leagues these days. It was pointed out that it was general practice to get club owners in the upper circle send a bunch of dough foolishly to put over a new pitcher, who is not enough to whip a half dozen fellows in one game or comes up and slams out two or three extra base hits in one of two games.

Once in a great while they grab a Cobb or a Johnson, and this picking of a hundred-dollar pitcher is the way the big leagues playing the grabbing game. But the chances are that if a pitcher ever gets off a big game, he is not a pitcher, but a player.

Local Golfers Off to Tourney

Local Stars Leave for Montgomery to Take Part in Big Invitation Tournament

A party of local golfers including some of the leading players of the city left last night for Montgomery where they will take part in the Montgomery Invitation Tournament. This tournament begins tomorrow, and will be played by Saturday.

Included in the Atlanta party are George Adair, Forrest Adair, Jr., Ben Adair, W. S. Hickey, H. P. Jones, Jr., Watson, Griffith and Clark. Others may go today. This tournament is expected to bring together a large number of players, and no doubt prove very heated. The tournament will be played on the course of Perry Adair and Bob Jones in the local youngsters, who are expected to make a good showing in the Southern Championship tournament to be played over the East Lake course in this city on June 15.

The combination of bad weather conditions and extra lining game inspired to keep the Crackers another day in Volturno. The two teams met this afternoon in the fourth game of the series.

According to the original schedule, the opening games were expected to end up their series on Tuesday, which would have allowed the Crackers a day off in making the trip to Little Rock, where they are again to open Thursday. However, since it was deemed best to put in the score kept them from staging the two games on

DATE	REMARKS.
Summary of weather and crop conditions the cotton belt for the week ending June 1915.	
WARHINGTON, D. C., June 2, 1915.—In the cotton belt the week was generally favorable except in portions of Oklahoma and Arkansas where the soil continues too wet for cultivation and farm work was also delayed on account of wet weather in portions of the Carolinas, Georgia and Alabama, where the fields are be-	

in Louisiana and Mississippi and the outlook for these states is much improved. In Texas the crop made satisfactory progress; late planted cotton is coming to a good stand, is well cultivated, and the outlook is promising. In the southern trucking districts crops are now doing well everywhere.
